Kim Arndt, Kim's Daycare, had this to say about Business & Financial Fundamentals for Homes:

"This class was extremely informational. I believe this is a class that should be required in the first year of having your own daycare business. There were so many concepts that were presented that I wish I had known about when I very first started in the daycare business."

Nicole Timmons, Owner/Director, had this to say about Business & Financial Fundamentals for Centers:

"The [Business & Financial Fundamentals] class that was offered through First Children's Finance was phenomenal. I only wish I would have taken the training 3 years ago when I opened my childcare center."
