March 28
6:00pm

In this webinar, First Children's Finance provides a look back at the lessons child care businesses learned (sometimes the hard way!) during the early days of the pandemic, the Stabilization Grant Program, and economic recovery. We'll also look forward to short-, medium- and long-term strategies to manage cash. Both Family Child Care and Centers will learn more about how to integrate the hard-won business management lessons into their current child care program management. Participants will also learn more about the services available through the Business and Technical Assistance Program. This webinar will be recorded.
